

CHINAR NEWSLETTER MOHI-UD-DIN ISLAMIC MEDICAL COLLEGE MIRPUR AJ&K

First Edition (2020)

Message from Chancellor

By the Grace of Almighty Allah, Mohi-ud-din Islamic Medical College Mirpur (MIMC) has made glorious achievements in the field of Medical Education and promotion of extracurricular activities amongst the students to produce the par excellent and God fearing doctors/Professionals. "Chinar" is the first ever Newsletter to highlight the prominent activities of the college and special patient care events of Mohi-ud-Din Teaching Hospital (Mohi-ud-din Islamic Medical College) during the periods of national medical emergencies such as COVID-19 pandemic and natural calamities like earthquake etc. The establishment of "Quarantine Centers" in Mohi-ud-din Teaching Hospital & Mohi-ud-din Islamic Medical College during COVID-19 pandemic reaffirms our resolve in practical terms to act as vanguards for the cherishment of any noble cause as envisioned by the founder, Hazrat Allama Pir Alla-ud-Din Siddiqui R.A (late). Many new projects are in the offing for the college and Mohi-ud-Din Islamic University Nerian Sharif AJ&K as illustrated in "Chinar". The first successful edition of "Chinar" will be a fore-runner to its subsequent editions in coming years.

I deeply eulogise the hard work and commitment by the Principal (patron-in-chief), group of editors, assistant editors and other

**Hazrat Sahibzada
Pir Sultan-Ul-Arfeen Siddiqui**

Message from Vice Chancellor

The First ever edition of the College's Newsletter "Chinar" is a milestone in the annals of the college in the arena of highly competitive print media information. Awareness about important academic, extracurricular activities of college and conspicuous patient care events during the national medical emergencies and calamities like COVID_19 pandemic and earthquakes, has been deemed essential. Information about achievements and contributions made and future new projects give a fair idea of institutional growth and steady journey towards attaining brilliance under the efficient stewardship of incumbent chancellor. The team work converted dreams into reality. The Principal, group of editors and others involved in culmination of the hilarious "Chinar" deserve special accolade for the job done.

**Maj Gen (R) Dr Viqar Ahmed Khan
Hilal-i-Imtiaz (Militray)**

Message from Pro Vice Chancellor

I offer my compliments to the patron-in-chief, editor and other group members for their distinguished efforts and hard work in the publication of the first ever edition of "Chinar". As envisioned by the late founder Chancellor Hazrat Allama Pir Alla Ud din Siddiqui (R.A) and further ably guided by the incumbent Chancellor Peer Sultan Ul Arfeen Siddiqui, the firm pledge of achieving excellence in the field of modern medical education and grooming a noble personality, is now producing rich dividends. The College and teaching hospital are contributing remarkably in attaining our cherished mission. Its glimpse is well reflected in "Chinar" which briefly portrays our progress. Steady forward journey on the road to glory will become more evident in the succeeding annual editions of "Chinar" by the Grace of Allah Almighty "Ameen"

Message from Principal

By the grace of Allah Almighty, the college has successfully completed more than a decade after its inception. As the Head of this prestigious institution, I feel privileged and honoured to patronize the first ever edition of "Chinar" which has adroitly highlighted important activities of the college in various domains. The Mohi-ud-Din Teaching Hospital (MOTH) too has always made a remarkable contribution in rendering its services during the periods of Emergency medical Crises. Emergency camps after September 2019 earthquake in Mirpur and establishing of Quarantine centres in the college and teaching hospital in collaboration with Local Management authorities during COVID-19 pandemic, are two of such glaring examples. Besides these two, other worth mentioning activities have been highlighted in the Newsletter effectively.

The **group of** editors and other contributors of the "Chinar" merit special felicitation for its well cherished completion.

Message from Medical Superintendent Mohi-ud-Din Teaching Hospital

I am indeed delighted to make you aware that Mohi-ud-din Teaching Hospital (MOTH) Mirpur offers a wide array of health care services to the community in outdoor as well as indoor patient care. The hospital functions on "Not for Profit Basis" in accomplishment of Visionary mission of serving ailing humanity as legacy of Hazrat Allama Pir Alla-ud-Din Siddiqui R.A (Late) the founder of hospital. Well-equipped and accredited laboratory, diagnostics, modern operation theatres, and intensive care units are few distinctions. Our dedicated specialists, committed staff and dedicated employees make relentless efforts to measure up to the expectations and satisfaction of patients and their families. We assure best teaching environment and professional learning to Mohi-ud-din Islamic Medical College students during their clinical rotations in the hospital. I sincerely wish success in their pursuit to become competent, noble and humane healers. I appreciate the **group** of editors for their excellent work in its first ever and successful edition.

Editor's Views & Acknowledgement

Mohi-Ud-Din Islamic Medical College Mirpur AJK was established in the year 2009. Its first MBBS class was started on 27th April 2009 after getting permission from PM&DC as the late session of 2008. The college has been allowed to admit 100 students in each batch. It has affiliated 500 bedded Mohi-Ud-Din teaching hospitals (Mohi-ud-din Teaching Hospital). The college is providing modern medical education, MBBS along key essence upon character building and personality grooming of its students in conformity with the Islamic tenets and ethical values. Ever since its existence, the College and Mohi-ud-din Teaching Hospital have made remarkable contribution and achievements following the vision, able guidance, and patronage of its Founder Chancellor Hazrat Pir Allama Alla Ud Din Siddiqui (RA) Late which have efficiently been culminated by his successor Chancellor Pir Sultan Ul Arifeen Siddiqui in collaboration with the incumbent Vice Chancellor Maj Gen(R) Dr Waqar Ahmed khan HI (M) and Pro Vice Chancellor Brig (R) Dr Tahir Siddiqui. The Newsletter titled "Chinar" (first ever edition) encompasses precise description supported by sketchy pictorial glimpses (where necessary) of various noteworthy visits, academic, extracurricular and other activities of the college besides the patient care activities of Mohi-ud-din Teaching Hospital. Future envisioned main projects have also been introduced. The assistant editors Dr. Farheen Zehra and Dr. Hina Sarfraz merit special accolade for their relentless, invaluable contribution and assistance in the efficient completion of "CHINAR" I am extremely indebted to the worthy Chancellor, Vice-chancellor, Pro Vice Chancellor, Principal (chief patron), Vice Principal, Faculty members, Medical Superintendent Mohi-ud-din Teaching Hospital Director Mohi-ud-din Nursing Institute, Admin officer Mohi-ud-din Teaching Hospital, Director Medical Education, Dr. Waseem Sarwar and computer operator M.Aamir in extending me invaluable assistance in accomplishment of the key assignment. The eulogizing contribution and encouragement by all concerned helped me accomplish the hilarious project with great ease.

Special Meeting Board of Governors- Mohi-ud-din Islamic University Held in Auditorium of MIIPS

A special Biannual Board of Governors meeting of Mohi-ud-din Islamic University Nerian Sharif AJ&K was held in the college for the first time on 22 September 2020. The meeting was held in the auditorium of MIIPS (Mohi ud-din institute of pharmaceutical sciences) located within the college premises which is a constituent institute of Mohi-ud-din Islamic University. The members were accorded warm welcome by the VC, Pro VC, Principal, Director MIIPS and MS Mohi-ud-din Teaching Hospital. The meeting started at 10am in very congenial atmosphere and lasted for about two hours. The VC along his key team members briefed the honorable members about the progress achieved so far in the constituent institutes / organizations affiliated with Mohi-ud-din Islamic University. The Board Members along with the VC, Pro VC, Principal visited the Mohi-ud-din Teaching Hospital, Mohi-ud-din institute of Nursing & Allied Sciences and Mohi-ud-din Institute of Rehabilitation Sciences. They took a walking round of all departments and received the awareness briefing about their working for their entire satisfaction.

An Event Held for Distribution of Scholarship Amongst High Achievers

The college holds reputation of encouraging and acknowledging high achiever students of each academic year . Late founder of college Hazrat Allama Pir Alla-ud-din siddiquie (R.A) late laid its foundation which was then continued by the Chancellor Pir Sultan -ul- Arfeen Siddiqui. Every year scholarship amounting to Rs. 50,00,000/- (Fifty Lac Rupees only) is awarded to position holder students. A special event was organized to distribute these cheques in march 2019. Former Prime Minister AJ&K, Sardar Attique Ahmed Khan graced the occasion.

Society of Obstetricians and Gynecologists Pakistan (SOGP) Pre-conference Workshop on Sutures Held in Mohi-ud-din Teaching Hospital

Its Pre-conference Workshop of International Conference on sutures, was held at Mohi-ud-din Teaching Hospital in April 2019. The actual conference was held at Pearl Continental Lahore. Few glimpses of the pre-conference workshop are displayed

Medical Camp Organized in Nerian Sharif

In order to pay homage to the birth place of Pir Hazrat Allama Allah Ud din Siddiqui RA (late), a medical camp is organized annually by Mohi-ud-din Teaching Hospital in Nerian Sharif for the past 12 years. On 29th and 30th July 2019, a 2 days medical camp was organized. 15 doctors and 17 paramedics were sent to Nerian Sharif for this purpose. More than 1000 patients were provided quality medical care services.

Sports gala in co

Sports' activities invigorate and blossom the physical skills of students. They offer a happy relaxation break to students from their hectic academic cycle. The annual sports gala is a college's regular feature which was organized separately for the male and female students who took part in the events of choice with fervour and enthusiasm. The spirit of competitiveness was noteworthy. The events included athletics, hockey, football, Cricket, basketball etc. Separate events were held for the faculty and staff employees as well. The week started with a resounding colourful ceremony and culminated with the prize distribution ceremony for the high achievers in various sports events.

Religious Scholar Baba Irfan Ul Haq Delivered a Lecture Between Islam and Medical Practice

The mission of this college also aims to produce the dignified young doctors inculcated with the spirit of Islamic ethics, proud of their heritage and Islamic traditions free from any complex. As a part of continuing education, the renowned religious scholar, Baba Irfan-ul-Haq was invited as the guest speaker on 8th February 2019 in Mohi-ud-din Teaching Hospital. He delivered an inspiring and thought provoking lecture to the students/audiences about the Islamic basic teachings and principles. He persuaded their overwhelming significance for application in the personal conduct during the student life and as a doctor in the professional life.

Free Eye Camp By Mohi-ud-din Islamic Teaching Hospital

MOTH periodically organizes the free medical camps for non-affording local poor population. Specialized consultation facilities are also rendered to them. A special eye camp was arranged on 06-06-2019 during which patients were treated for cataract, glaucoma and number of other eye diseases. This particular eye camp provided specialized eye consultation facilities besides conducting the common eye procedures in a nearby locality of Mirpur under the efficient specialized supervision of Dr Umair Mirza, consultant ophthalmologist. He is duly assisted by the team of his post graduate doctors and departmental Medical officers.

Cancer Awareness Seminar Arranged in Mohi-ud-din Islamic Medical College

Realising the growing prevalence of cancerous diseases globally and locally, a seminar upon the 'Cancer Awareness' was organized in Mohi-ud-din Islamic Medical College organized by Dr. Manzar Zakaria (Oncologist) on 27th February 2019. The guest speaker was Dr. Rakhshanda Rasheed, Head of Breast Surgery PIMS. It was attended by the entire faculty members and final year MBBS students. The interactive session of questions and answers between the guest speakers and audiences was very lively and meaningful. The participants attained valuable knowledge about the pressing health problem of modern era.

Patients' welfare committee to collect funds for the needy

As a part of philanthropy and humanitarian act to arrange the collection of funds for needy, the college students have organized a patients welfare society which renders monetary assistance to the needy employees & patients of the college suffering any disease/disorder whose medical treatment is beyond their affordability.

Last year, a one day carnival was held in the college premises under the sponsorship of college. Different vendors from Mirpur city established their stalls, sold their items to students, faculty members and employees of the college and the hospital at the mutual agreed special rates. The earned profit was then donated to the patients welfare society.

The Vice Chancellor Mohi-ud-din Islamic University Nerian Sharif AJ&K Maj Gen (R) Dr Viqar Ahmed Khan HI (M) graced the occasion as the chief guest and awarded prizes to the members of students' organizing committee.

Provision of Medical Services by Mohi-ud-din Teaching Hospital during Earthquake-2019

The 24th September 2019 earthquake adversely affected the infrastructure and living residents of Mirpu & suburbs. During this natural disaster, a medical team comprising of the specialists and other doctors of Mohi-ud-din Teaching Hospital arranged medical camps in earthquake stricken areas to offer first aid and other required health care facilities to the victims. They provided efficient medical care services after the disaster which were acknowledged by the local administration. Mohi-ud-din Teaching Hospital worked in close collaboration with the local authorities in terms of provision of medical aid and funds for the earthquake affectees.

Faculty Training Session for Management Information System (MIS)

In the modern era of **digitalization** and programming, the authorities of the institution decided to introduce "MIS Software" in the college. This programme had been designed to facilitate both students and faculty, so that they **could** access and deal with financial and academic matters including results, date sheets, e-library and dues from home. In order to train the faculty on this MIS software, 9 training sessions were conducted in December 2019 by Dr. Waseem Sarwar and Dr. Iqra Zulfiqar.

Kashmir Solidarity Day Observed in Mohi-ud-din Islamic Medical College

Overwhelmed with the spirit to free Indian Occupied Kashmir, highlight the Indian atrocities and express the unwavering support and Solidarity by Pakistan and AJ&K with the oppressed muslim Kashmiri brothers of occupied Kashmir, the 'Kashmir Solidarity Day' function was held in the college on 5th February 2020. Ch. Rukhsar, the AJ&K Minister for Hydro and power graced the occasion as the chief guest. It is a regular annual event of the college. The faculty and students of MIMC commemorated the event with solemnity and deep veneration. An Extempore debating competition was held amongst the students. Keen enthusiasm was noticed. This positive activity not only projected the significance of the day but also helped flourish the students' oratory skills, self confidence besides testifying their knowledge's depth. Top three position holders were awarded certificates by the Chief Guest, followed by his inspiring conclusive speech.

Corneal Transplant by Consultant Ophthalmologist Mohi-ud-din Teaching Hospital
Prof Dr. Imran Azam Butt Head of Ophthalmology Department and Principal Motharma Benazir Bhutto Shaheed Medical College Mirpur AJ&K and Dr Umair Tariq Mirza consultant Ophthalmologist at Mohi-ud-din Teaching Hospital jointly performed first ever Corneal Transplant surgeries in the history of Mirpur at DHQ hospital to restore the sight of two visually impaired patients in December 2018. The corneal donations were made by Association of Physicians of Pakistani descent in North America (APPNA) and the Pakistan Association of memphis (MAP). It was a distinct achievement of the consultant ophthalmologist Mohi-ud-din Teaching Hospital Three transplant surgeries were performed in total.

Celebration of World Mental Health Day-2020

A sound mind with a sound body is reckoned as a social ideal. Mental Health is the balanced development of one's personality and emotional attitudes which enable him to live harmoniously with the fellow men. Depression is generally recognized as the most prevalent mental health disorder in the world and Pakistan due to multiple factors and therefore draws special concern.

To celebrate the World Mental Health Day, a one day workshop on "Depression Among Elderly" was organized in Mohi-ud-din Teaching Hospital on 20 October 2020. The Head of Psychiatry Department Maj ® M. Amin Khan delivered an impressive awareness **lecture** about depression to the audience including the doctors and students. The interactive session was very fruitful and generated lot of interest.

Visit of Chancellor Mohi-ud-din Islamic University Nerian Sharif AJ&K

Site Selection for New Projects

Continuing the legacy, heritage and dreams of his late father Pir Alla-Ud-din Siddiqui RA (late), the incumbent Chancellor Mohi-ud-din Islamic University and patron-in-chief Pir Sultan Ul din Arfeen Siddiqui always renders profound interest in the matters of the medical college. Pir Sultan Ul Arfeen along with the Vice Chancellor and Pro Vice Chancellor visited Mohi-ud-din Islamic Medical College on 7th July 2020. During the visit, the site was selected for the construction of college's new mosque adjoining the college premises and other upcoming projects. The Chancellor, VC, Pro VC and Principal carried a walking round of the college and had frank discussion with the faculty members and personnel in attendance, besides having group photo with them.

Departmental Activities:

➤ Model Exhibition by Pathology Department:

To augment the cognitive, innovative ingenuity, communication skills and coordination/ teamwork ingenuity amongst the students, the department of Pathology Mohi-ud-din Islamic Medical College arranged a model exhibition for 3rd year and 4th year MBBS students. The incumbent VC of Mohi-Ud-Din Islamic University Nerian Sharif Maj. Gen[®] Viqar Ahmed Khan HI (M) was the Chief guest of the illustrious event who distributed certificates amongst the winning students.

Department of Community Medicine:

Visit -National Institute of Health (NIH) Islamabad

The students visited NIH Islamabad on 12th October as part of their community oriented medical education. They were accompanied by the then Assistant (Now Associate) professor community medicine Dr. Ijaz Ali along the demonstrators. They visited various departments of the institute and received awareness briefing about their functioning from their concerned heads of the departments.

Orientation Visit To Kort (Kashmir Orphan Relief Trust) Mirpur

UD-DIN ISLAMIC MEDICAL COLLEGE MIRPUR

Workshop on Research Methodology by Pharmacology Department:

A two days workshop was held in the pharmacology and Therapeutics Department on 20 and 21 January 2020 on the topic "How to conduct a research". It was chaired by the Principal and Head of Department Prof Dr Syed Haider Raza who apprised the participants comprehensively about its significance and broad methodology contours. Dr Majid Ali Hingoro, Associate Prof Pharmacology and Therapeutics gave a presentation on "SPSS and Research Material". Dr Saif Ullah Sial Director Medical education also attended it as a guest speaker. After his conclusive remarks, Prof Dr Syed Haider Raza awarded certificates to its attendants, followed by the refreshments

Dr. Shaukat Professor Forensic Medicine is a regular guest speaker of Federal Judicial Academy Islamabad since 2014, Glimpses of his lecture in judicial academy relating to New Dimensions in Medical Jurisprudence on 4th July 2020

ABDIN ISLAMIC MEDICAL COLLEGE MIRPUR

College Gymnasium **Inauguration** by the Principal

A healthy body is a pre-requisite for a healthy mind. The Gymnasium activity helps students and other personnel to improve their physical and mental health. Exercise or brisk physical activity has a soothing effect upon mind thus improving the mental concentration and mental absorbing capacity of students in their stressful academic pursuits. Due to its essence, a very well equipped exercise gymnasium has been established in the Boys hostel which was inaugurated by the principal Mohi-ud-din Islamic Medical College on 7th July 2020. The gymnasium remains open for desirous male students and other personnel for two hours during evening on the working days

Animal House

The animal house facility is available in the college to boost the teaching, training and research facilities. It is managed by the Department of Pharmacology. It has rabbits, frogs and a sheep. each is housed in barrier maintained rooms to avoid disease transmission and interspecies conflict. The animal house keeper ensures careful monitoring of feeding, watering, cage cleaning, bedding, material availability and other basic requirements.

Due to more sensitive nature of Sheep's RBCs to the released bacterial toxins than the human blood, the sheep blood is used as media (blood agar) to observe the hemolytic reaction around the grown bacterial colonies. Sheep has been made available for this purpose in the animal house of the college.

LIBRARY

The College's Central library has a rich reservoir of about 5008 books (616 Islamic books, 68 Medical generals and 09 International generals books) pertaining the modern medical sciences/ literature and religious studies. It is kept open for male and female students at separate timings during evenings on the working days. Its digitalization process is in progress which will aid students to gain access to the presentations, pdf version of books and medical journals on their handheld devices.

Workshop on Communication Skills

Disseminating and infusing the message in a clear, coherent and logical manner is a critical skill required to be possessed by the medical/ health professionals. Acknowledging its significance, Director Medical Education Dr. Saif Ullah Sial organized a workshop on 'Communication Skills' on 3rd March 2020 whose main facilitator and chief guest was Dr. "Fauzia Abdus Samad". This activity provided an impetus to the participants to become a better communicator, develop the trait to appreciate the art of conversation in the role as a speaker, listener and observe as well as learn how to create a conducive environment by communicating through empathy.

Workshop on Entrustable Professional Activities

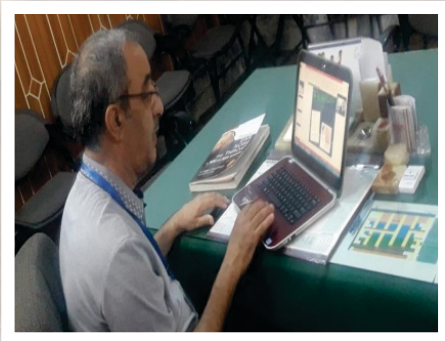

In an increasingly complex and costly health care system, the clinical educators require to make right decisions about their objectives to disseminate palatable/ practicable clinical education to their students during any clinical interaction with them. The strategy must be result oriented and productive. The Director Medical Education MIMC Dr. Saif Ullah Sial orchestrated a workshop on the topic 'Entrustable Professional Activities for "Devolution of professional responsibilities to Tomorrow Doctor's" on 4th March 2020 and invited highly experienced / renowned expertise as guest speakers. Dr. Khalid Rahim & Dr. Ambreen Khalid were the lead facilitators for the event. This workshop helped the participants to gain a shared mental model of learner behaviours and aided them to integrate competencies into the authentic care of patients by means of required level of supervision rather than level of learner competence.

Academic Activities During COVID-19 “Zoom”

Online Classes to Manage Academic Activities

The global pandemic, COVID 19 not only caused heavy loss of human lives in the world but also adversely affected the economic, social and educational fields of life globally. Due to the enforcement of strict lock down measures to prevent its spread in compliance to the HEC instructions and then following the academic policy of Mohi-Ud-Din Islamic University (MIU), the college started online/video “Zoom” teaching/academic activities for its students. These were well reciprocated by the students. The faculty members took keen interest in successful running. **The faculty members ensured full participation in successful running and their commitment was recognized by Higher Education Commission as well.**

HONOURED

Recognizing the efforts of Mohi-Ud-din Islamic Medical College, the Higher Education Commission of Pakistan graded the college at 80.51% in terms of online teaching readiness.

Mohi-ud-din Islamic University Nerian Shareef, AJ&K

Once again we are proud to announce that

MIU Cares

HEC certifies Mohi-ud-Din Islamic University at 80.51%
Online ready university

TOP University in AJ&K

and

at Prominent Position among Universities in Pakistan HEC with respect
to Online Teaching Readiness

Workshop On Online Assessment Methodology

The sudden interruption of academic activities due to the COVID-19 pandemic outbreak/ lock down posed a challenging task in continuation of academic activities for the students. The Mohi-ud-din Islamic Medical College authorities successfully overcame the challenge by organizing the workshop on google forms socrates, quizzes to train the entire teaching faculty i.e. from professor to demonstrator, to make them well conversant with the midterm/ other assessment methodology and tools.

Medical and Awareness Activites During Covid-19

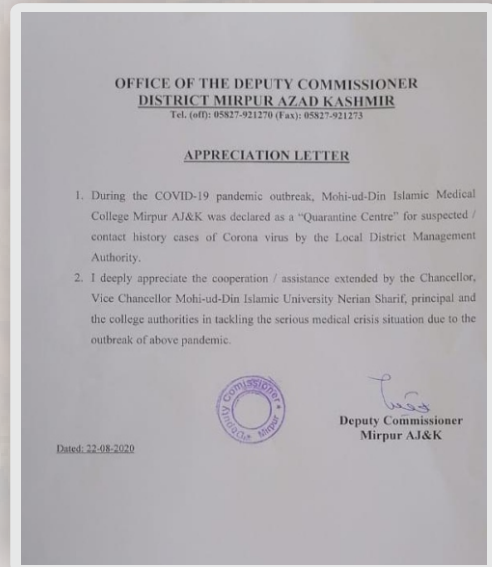

Covid-19 Awareness Session Arranged for Medical Professionals

The pandemic of Corona Virus wreaked havoc worldwide by inflicting heavy losses of human lives ,compounding human miniseries/sufferings,cripling economy and causing further unemployment and poverty. Health and education sectors too got adversely affected. Pakistan also experienced its adverse effects of comparatively lesser degree. The chances of its recurrence are still looming due to lack of any vaccine. An awareness session was held in Pathology Dept on 8th June 2020. **Dr. Sara Usman Assistant Professor Microbiology, delivered a comprehensive lecture about its prevalence, mode of transmissions and preventive measures. The session was highly informative and fruitful.**

Provision of Quarantine Centres Facility by College & Hospital

After the permission of Worthy Chancellor MIU Peer Sultan Ul Arifeen Siddiqui, the 2nd floor of Mohi-ud-din Teaching Hospital and Faculty Hostel Mohi-ud-din Islamic Medical College were declared as "Quarantine Centre" for COVID_19 suspects and handed over to the local District Management authority Mirpur on 20 March and 29 March 2020 respectively. Various local notables and District Management officers visited the hospital's quarantine centre. They included Barrister Sultan Mehmood MLA AJ&K Assembly from Mirpur constituency, Deputy Commissioner and Assistant Commissioner Mirpur, District Health officer Mirpur, Chairman KORT, Drug inspector Mirpur and MS New City Teaching Hospital. The Faculty Hostel of college and the Mohi-ud-din Teaching Hospital Ward were released by local District Management Authority on 17 July and 17 August respectively from quarantine responsibilities with appreciation to the college and hospital. Moreover, fulfilling the requirement of Islamabad Health Regulatory Authority (IHRA), Mohi-ud-din Teaching Hospital earmarked and kept 250 beds in state of high readiness for the Corona patients. In recognition to rendering meritorious services for quarantine purpose during COVID_19 pandemic, DC Mirpur issued the "Letter of Appreciation" to the College and Mohi-ud-din Teaching Hospital.

Donation of Personal Protective Items by Principal MIMC

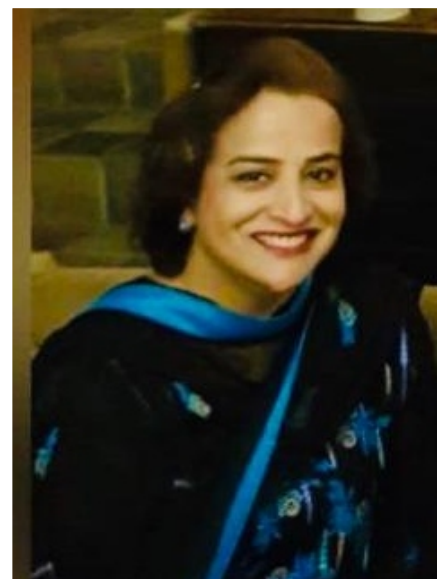

During the COVID-19 lockdown period, the Principal MIMC Syed Hayder Raza distributed free of cost face masks and hand gloves amongst the non-affording local citizens and police personnel on duty at various security check points in Mirpur city.

New Projects of Mohi-ud-din Islamic University

Mohi-Ud-Din Institute of Nursing & Allied Sciences (MINAS)

The ardent need for MINAS was felt for the capacity building of health professionals particularly well qualified and skilful nursing staff in AJ&K and Pakistan. It is a constituent of Mohi-ud-din Islamic University Nerian Sharif AJ&K. Our teaching hospital is also facing such shortage. The Objective is to produce the crop entrenched with spirit to serve humanity based upon Islamic principles, positive attitude with ethical considerations, excellent professional acumen, problem solving and interpersonal skills, etc. Brig (R) Dr. Samia Iram a highly qualified and well experienced professional, is the project Director of Mohi-Ud-Din Institute of Nursing and institute of rehabilitation & Allied Sciences.

Mohi-Ud-din Islamic Institute of Rehabilitation Sciences (MIRS)

Expanding the vision of Hazrat Pir Allama Alla Ud din Siddiqui RA (late) and his successor Pir Sultan Ur Arfeen RA, Mohi-Ud-din, the Mohi-ud-din Islamic University Nerian Sharif AJ&K has yet achieved another milestone by laying down the foundation of Mohi-Ud-din Islamic Institute of Rehabilitation Sciences as its constituent part. It has initially admitted ---Students and their number will be gradually increased. This is the first Physiotherapy institute of Azad Kashmir and has started functioning with effect from 4 November 2020. Its qualified graduate will be called Doctor of Physiotherapy (DPT).

MOHI-UD-DIN INSTITUTE OF REHABILITATION SCIENCES MIRPUR AJ&K
Constituent Institute of
Mohi-ud-Din Islamic University Nerian Sharif AJ&K

Future Projects of Mohi-ud-din Islamic Medical College

Post Graduate Medical Sciences

Moving a step further, college has planned to initiate Post Graduate Program in Medical Sciences in coming year. For this purpose the college has already met the equipment standards set by PM&DC and HEC and acquired required equipment e.g power lab which will facilitate the advanced research work in Physiology, Pharmacology and Psychophysiology. It will aid in better conceptualization of important aspects of basic and clinical aspects of Applied Medicine.

Construction of New College Mosque:

The mission statement of the College emphasizes to groom and inculcate the cherished Islamic Values in the personality/character of students. The college plans to construct a two storeyed spacious mosque in vicinity of College and hospital to cater for approximately 1200 Namazis at a time. It will be a state of art mosque depicting the true Islamic architectural metaphor.
